What I think of your magazine, Lyskerrys. I think it is very informative. there are things written in your magazine that we would not have known about otherwise. We have lived in Liskeard now for nearly 2 years. keeping informed this way is real for us thank you.

Thank you to everybody involved in producing Lyskerrys it is great. Can I have an extra 6 copies to send to friends and family who don't live locally. It will encourage them to come and visit me (showing what a great place it is), and they all have lots of money to spend in the area!

Hi Editor,

First time I have found/seen your magazine (online) and I love it!

So many contributors, so much diverse information! Bright and cheerful, it encourages you to keep reading!

I hope you will continue to put the link for the current one on Liskeard page in the future.

Thank you for producing it!
