

## **Town Council signs working party meeting notes**

### **Friday 26 January at 10am in the Mayor's Parlour**

Present: Councillors Rachel Brooks (Chair), Sue Pike and Christina Whitty  
Yvette Hayward (Support Services Manager)

### **Updates from previous meeting**

#### **Brown signs on the A38**

Application now being submitted.

#### **Edge of town Liskeard signs**

Designs have been received from Cormac for approval after which quotations can be provided. The group were happy with the content i.e. text, font and design; however, no dimensions were given. The shaping at the top appeared to have a steeper curve. This may be caused by a change in dimensions creating a taller but narrower sign. If the curve gradient cannot be resolved an alternative may be a rectangular sign with a sympathetically shaped border for the text. Yvette to query this with Cormac.

#### **Further signage in town**

##### **New Pipewell prototype sign**

We have received 3 tenders for the design and manufacture of the new sign. These will be considered by the group working on the project on Tuesday 30 January at 1.30pm. The Town Clerk had reminded the group that designs should include the new Town Council logo, as used on leaflets and the website, for uniform branding.

##### **Murals**

Sally Hawken has indicated she would look favourably on an application to her Community Chest linked with a Crowd Funder campaign. Clare Pennington from Cornwall Museums Partnership can provide digital funding training and has offered to help plan a crowd funder campaign. She will meet with the group on Thursday 1 March at 2.30pm in the Mayor's Parlour.

Lloyd's Bank have been approached to ask for permission and financial assistance for the repair and repainting of the Caradoc mural and have now responded requesting further information on costs.

#### **Next meeting**

As projects are all progressing independently future meetings will be arranged as required.
