

Support from the Alex Page Trust and the Philip Blamey Trust

Merryn Doidge received grants from the Philip Blamey Trust, having made the first successful application to since May 2011, and the Alex Page Trust. Merryn scored a try in her debut match for England's woman's rugby team. Her intention is to qualify for a career in sports therapy or physiotherapy. The grants will give her support for training, kit, study and on-going rugby development into sports therapy or physiotherapy.

She is pictured here with Ian and Jane Page of the Alex Page Trust and Christina Whitty, Mayor of Liskeard, and Steve Vinson, Town Clerk, who are trustees of the Philip Blamey Trust having received grants from both Trusts.

We wish her well.
