The Committee expressed the need for more financial information on the impact this may have.

Councillor Pascoe proposed, Councillor Smith seconded, and the Committee **RESOLVED** to refer any decision on the option to tax to the Finance Committee.

**299/18      TO CONSIDER THE FUTURE USE AND LAYOUT OF THE COUNCIL CHAMBER AND ITS FURNITURE**

Considering the new platform lift access to the Council Chamber the Committee discussed the various options for making that room more accessible, together with the possibility of altering the furnishings to enable the room to function better as a formal Chamber and a letting space, thereby increasing revenue. The historical value of some of the existing furniture, together with the decorum it brought to Town Council meetings, was considered set against the possibility of making the room more multi-use to attract additional income. The need for improved acoustics and audio-visual equipment was also considered.

Councillor Ambler proposed, and Councillor Pascoe seconded a layout using most of the existing furniture but with the removal of the raised plinth and the addition of some AV equipment and improved provision of electrical outlets.  
The Committee **REJECTED** this proposition.

Councillor Hawken proposed, and Councillor Clarke seconded that the room be made as multi use as possible and a budget for the works be allocated.  
The Committee **REJECTED** this proposition.

**303/18      WELCOME TO LISKEARD SIGN**

The Communications and Engagement Committee had requested comments from the Facilities Committee regarding its plans to site a 'Welcome to Liskeard' sign on the Plymouth Road roundabout.

Councillor Goldsworthy proposed, Councillor Smith seconded, and the Committee **RESOLVED** to defer any comment and requested further information and consultation with other interested partners including Liskeard In Bloom, The Conservation Officer and Cornwall Council Highways department.

**304/18      CORRESPONDENCE**

Correspondence had been received from the Chair of the Liskeard in Bloom group requesting permission to site festive floral decorations, as part of the Nadelik Lowen event, on some of the Town Council buildings. In an additional note, concern was expressed over the ownership, planting and maintenance of the wooden planter donated by the Liskeard Traders Association which is sited alongside of the Pipewell, and a request was made by LIB for clarification from the Town Council.

The Committee were very appreciative of the work carried out by the Liskeard in Bloom group and were pleased to support the Nadelik Lowen festive displays as requested.

The question of the wooden planter was then discussed and was not believed to be sited on Town Council land, and therefore it would not have a direct influence. However, the Committee was very keen to see continued cooperation between all the stakeholders involved the floral displays throughout the Town for the benefit of everyone, and Councillor Goldsworthy would personally be seeking to encourage this by continued dialogue.

**305/18      DATE OF NEXT MEETING**

The date of the next Facilities Committee meeting was to be 15<sup>th</sup> January 2019 at 7.30 PM in the Council Chamber.
