

2019 Pengover Road Allotments Cup Winners

Each year the Liskeard Town Council Facilities Committee awards cups for Best Allotment Plot and Best Raised Beds at its Pengover Road Allotments.

Once again the Facilities Committee was pleased that Jean and Owen Hosken, accompanied by Councillor Christina Whitty, were able to visit the Allotments and judge the plots on their behalf.

2019 has been a very productive year and with so many excellent plots the judges had a difficult job in selecting the winners, which were announced at the Facilities Committee meeting on Tuesday 10th September.

The Mayor, Councillor Rachel Brooks, was please to present the 2019 Cup for Best Allotment Plot to Terri and John Grist of plot E1 and that of Best Raised Beds to John Ede of plot A4.

Prior to the Facilities Committee meeting the Mayor paid a visit to the allotments accompanied by Derek Turner, the Chair of the Pengover Road Allotment Society, where she was shown the winning plots and met with Mr & Mrs Grist who were tending their plot.

In her address to the cup winners at the Facilities Committee meeting the Mayor congratulated the members of the Allotments who were present on the exceptionally high standard this year and on her pleasure that so many people were enjoying the many benefits that allotment gardening brings. This was echoed by the Chair of Facilities, Councillor Ian Goldsworthy and the other members of the Facilities Committee who were present.

Councillor Goldsworthy then thanked the allotment plot holders for attending the meeting and for their continued support of the allotments with a special mention for Derek Turner in his role of Chair of the Allotments Association.
