

Fire Station Open Day – 25th August 2019

Mayor of Liskeard, Rachel Brooks and other town councillors really enjoyed the Fire Station open day on Sunday. Rachel said: “It was wonderful to meet people from the fire service, ambulance service, Police and other organisations and see so many people having a good time.

I know a lot of hard work went into this successful community event and I’d like to thank the organisers and everyone who provided stalls and activities.
