Dear Madam Mayor

I'm sorry my flippant intemperate comments to Councillor Craker have caused such offence to him and to councillors at the table and through you I apologise to all.

I should have found a better way of conveying my unhappiness with the way Cornwall Council were behaving. It was unfair to direct my wrath at Nick and I have written separately to apologise to him.

Anyway no excuses, I must do better as the aim is to get change. I do not want my poor choice of words to deflect action to that end.

Apologies again.

Yours Sincerely.

Bruce Hawken.
