

A38 LISKEARD TO TRERULEFOOT

Proposed Safety Improvements

HAVE YOUR SAY

The A38 Liskeard to Trerulefoot route has a history of serious and fatal collisions at several central reservation crossings. Proposals are being developed to improve safety for all road users.

What is Being Considered?

- Restrictions or closures at key A38 crossing points, including:
 - Menheniot Junction
 - Lean Quarry Junction
 - Castle Air Junction
 - Tencreek Cottage Junction
- Improved road signage and markings
- Junction safety enhancements
- Speed reduction measures and potential average speed cameras
- Improvements to drainage and road maintenance

Why?

- ✓ Improve road safety
- ✓ Reduce serious and fatal collisions
- ✓ Improve journey reliability
- ✓ Address long-standing concerns on this section of the A38

What Could Change?

Some drivers may need to use alternative routes, resulting in longer journeys and increased traffic on some local roads. These impacts are currently being assessed.

Your Feedback Matters

Help shape the future of the A38 corridor between Liskeard and Trerulefoot.

Come along to the public consultation at The Public Hall, 3/5 West Street, Liskeard, PL14 6BW

Monday 5th October, 2026

1pm – 6.30pm.

Meet the team, listen to the proposals and give feedback.
