

Further information for Finance Committee Meeting 12th July 2018

First of all we must apologise that no-one from the Ploughman's Committee is able to come to the Finance Meeting on 12th July since they have their meeting that same evening. However, we have looked at the questions raised at the last meeting and trust this memo answers their concerns.

Apart from the first year, every year we have hand sorted the waste, always aiming to be as environmentally friendly as possible - even hand picking through the rubbish as necessary. This year would be no different. Cornstarch tumblers are biodegradable and acceptable.

Our main sponsor, Alex from the Albion has a contract for collection of waste, and the Ploughman's waste is taken to the Albion for collection (Copy attached) .

The idea that there could be an additional charge of £1 per glass was also considered early on in the planning - but if glass tumblers are to be considered, the committee saw broken glasses as another environmental risk. Also the management of such a scheme by staff would be extremely difficult and considered well nigh impossible given the numbers of public expected.

Rest assured all of our committee are committed to making the festival as environmentally friendly as possible, and at the same time to provide fun and entertainment FREE to the whole community of Liskeard.

Given the "Plastic Free Liskeard" initiative, we trust the council will now see a way to support this request for £300 - especially given the fact that this event is its 5th year and still growing.

THANK YOU.
