15 February 2019

Dear Sir/Madam

A38 Moorswater eastbound off-slip drainage improvement

Highways England plans, designs, builds, operates and maintains England's motorways and major A roads. I am writing to let you know we will shortly be carrying out roadworks near to you. A map detailing the location is included within this letter.

The works

We will be repairing and upgrading drainage on the A38 Moorswater eastbound off-slip to improve capacity for increased annual rainfall. We will carry out the works overnight when traffic flows are at their lowest. Please accept our apologies in advance for any disruption this may cause.

Dates

Start: evening of 4 March 2019

End: morning of 15 March 2019

Hours of work: overnight 8pm to 6am, weeknights only

Traffic management and diversion routes

Eastbound traffic heading for Moorswater will be diverted along the A38 to Island Shop junction, then via the A390 and the B3254 through Liskeard.

We always aim to work to the programme, however **unforeseen circumstances or adverse weather conditions may mean changes to it**. We will notify you of any major changes within the programme via advance roadside warning signs, but please also monitor www.trafficengland.com to keep up to date. We will make every effort to ensure the impact on the local community and travelling public is kept to an absolute minimum.

If you have any queries or comments about the work, or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**

Yours faithfully

Andrea McAllister
