Technical information about this website's accessibility

Liskeard Town Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.2](#) AA standard, due to the non-compliances listed below.

Non accessible content

The content listed below is non-accessible for the following reasons.

Non-compliance with the accessibility regulations

Some images do not have a text alternative, so people using a screen reader cannot access the information.

We will work towards updating existing photos. When we publish new content we'll make sure our use of images meets accessibility standards.

Content that's not within the scope of the accessibility regulations

PDFs and other documents

Many of our older PDFs and Word documents do not meet accessibility standards – for example, they may not be structured so they're accessible to a screen reader.

Some of our PDFs and Word documents are essential to providing our services. For example, we have PDFs with information on how users can access our services, and forms published as Word documents. By December 2026, we plan to either fix these or replace them with accessible HTML pages.

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services.

Any new PDFs or Word documents we publish will meet accessibility standards.

How we tested this website

This website was last tested on 27th April 2026. The test was carried out by ourselves

We used this approach to decide on a sample of pages to test with static content, links and pictures

We tested:

- The Liskeard Town Council section of our main website platform, available at <http://www.liskeard.gov.uk>

What we're doing to improve accessibility

We've assessed the cost of fixing all outstanding issues, and we believe that doing so now would be a disproportionate burden within the meaning of the accessibility regulations. However, we will continue to review this in line with budgets.

We are in discussion with our website designers, to resolve outstanding issues we cannot resolve ourselves. We will then set up a timetable for fixing these issues, this may involve carrying over some of the work until the next financial year.
