500 / 20 **APOLOGIES** – Deputy Mayor Councillor Sandra Mitchell.

501 / 20 **DECLARATIONS OF INTERESTS, REGISTERABLE AND NON-REGISTERABLE** – Councillor Whitty – Agenda item 19.

502 / 20 **MAYOR’S REMARKS** – This is our last Full Council meeting of the current term. It’s the end of four years, with Christina as Mayor for the first two and then me.

It hasn’t always been easy, especially the last year. Partly as a result of the pandemic and the ways we have had to operate, relationships have become strained. But over that time we have worked together to achieve a lot. The Neighbourhood Plan was overwhelmingly agreed at referendum and we have worked to uphold and implement it. We’ve played an active part in the plans for the renovation of the old Cattle Market to benefit our community and local economy. We were the first organisation to commit funding to Liskeard Together, which is providing such vital support to local people in deprivation and will be featured as a case study for the European Social Fund. We have run and participated in many community events, including Liskeard Unlocked, Nadelik Lyskerrys and vastly increasing participation in the Community Fair and the Annual Meeting. We’ve renovated our Public Hall and made it much more accessible.

Congratulations to everyone who stood and was elected unopposed. In May we will welcome four new councillors, Kerry Cassidy, Nick Craker, Richard Dorling and Annette Lee-Julian. Steve has contacted them all and invited them to the meetings on 13 and 18 May.

Five councillors, who have all brought a lot to the council in different ways, are standing down.

Sandra Mitchell has been Deputy Mayor for the last two years. It’s no secret that we haven’t always seen eye to eye but what I’ve never lost sight of is the huge amount of valuable work she does in the community and how as a town councillor that has enabled us to connect with local organisations and people. She has done brilliant work, for example, on the Community Fair and, more recently on bringing together organisations to coordinate food for people in need.

We are losing Sally Hawken not just as a Town Councillor but as a Cornwall Councillor and Liskeard will really miss what she has done, often behind the scenes, to make connections and raise issues so that we can achieve our aims. As she has been playing a pivotal role in how Cornwall has come so well through the pandemic, it has amazed me how she has also found time and energy to focus on Liskeard issues. Sally is both a strategic thinker and someone who gets very practically involved, whether that's in casework or painting old buildings and she's made a huge contribution to the Town Council in the last eight years.

Anna Clarke is someone else with really strong links in the community, which she has been able to bring to her role as Vice-Chair of Communications and Engagement. She was the person who came up with the idea of the very successful Community Champion awards and has done a lot of work on connecting with young people.

Sue Shand has been responsible for completing the Community Emergency Plan and has played an active role on both the Planning Committee and Communications and Engagement, including work on accessibility.

Ian Barlow has brought a strong environmental focus to the Planning Committee and Communications and Engagement, including his contributions to the active travel plans.

To make things happen in Liskeard the Town Council relies on a much wider network of people and organisations and I really hope that though these five people are standing down from the Town Council they are not standing down from community involvement and we will have the chance to work with them in the future on the many challenges we face.

I'd like to thank you all for everything you have done for the Town Council and Liskeard over the last four years. Also, as ever, I'd like to thank the staff team, led by Steve, for all their hard work, enthusiasm and commitment.
