459 / 22 TO RECEIVE AN UPDATE ON PROGRESS OF ITEMS FROM THE LAST MEETING OF THE PLANNING COMMITTEE ON TUESDAY 17 JANUARY 2023

Verbal report given

460 / 22 AGENT PRESENTATION

PA23/00142 Jonathan Luker advised that following pre-app advice on a development for 6, 4 or 3 dwellings, access concerns had been noted and the proposal scaled down to a single bungalow using just under half of the site. The application was outline for all aspects except access. The proposal was within the development boundary, in a sustainable location, providing a windfall site. It was believed this represented an aspirational home in line with policy H7 of the Liskeard Neighbourhood Development Plan, being a bungalow of good size with amenity. While it was accepted that the access was not ideal, it was believed it was safe and suitable, and on balance the proposal brought more benefits.

In response to questions it was confirmed the site had previously been overgrown, including invasive species, and had been used for fly tipping mainly garden waste, and some building rubble. The access lane was in the applicant's ownership. It was confirmed that the statement on page 12 of the Access Statement suggesting use of the land as a camp site was a standard example of a permitted use and associated traffic generation and did not necessarily represent the applicant's intention.

PA23/00219 Tasha Sibley advised the building was to be demolished with just the street facing façade retained. The existing building was in a poor structural state. The footprint of the new building would remain the same. There was currently permission on the site to convert to four

dwellings. Each apartment within the new proposal for seven dwellings would comply with space standards, and windows were designed to ensure privacy while providing natural light.

In response to questions about the adequacy of waste management arrangements, it was proposed a management company could be involved. Mechanical ventilation would be provided in accordance with building regulations, and designs would also meet fire regulations.

461 / 22 **PUBLIC PARTICIPATION**

None

462 / 22 **APPLICATIONS TO BE CONSIDERED**

PA23/00142 – D V Developments SW Ltd, Land East of Endsleigh Terrace, Coldstyle Road
