

Dear Steven, further to our conversation this morning I would like to apply for the position of Co-opted Liskeard Town Councillor. I have lived in Liskeard for the last 17 years and in the Liskeard area for all of my life. I am on the electoral register where I live.

I have attached my current CV to give an indication of my experience in the world of work. I currently am a Trustee to the "ECHO" charity attached to the ECHO centre in the town. I also volunteer there one day a week as a support worker. I am a wheelchair user but understand and support the balance between making everything accessible and not destroying a very lovely place with some beautiful architecture. (I am a fan of Passmore Edwards who did so much for not only our town but for other towns in and out of Cornwall.)

I am a great believer in supporting local businesses where possible and also using the excellent green spaces we have for recreation. I think also Liskeard has a huge potential not only as a place to live and work but for those who visit Cornwall, via this gateway, also the Liskeard-Looe line being a somewhat (currently) underused resource.

If you have questions or need more detail please don't hesitate to ask,

Warmest regards Tyler Bennetts.
